

Palm Oil Roundup

WAZA Commits to Sustainable P.O.

A five-year Memorandum of Understanding (MoU) was signed by World Association of Zoos and Aquariums President, Jenny Gray and Chief Executive Officer of the Roundtable on Sustainable Palm Oil CEO, Darrel Webber, and focuses on a framework of cooperation and understanding between WAZA and RSPO, to further their shared goals and objectives in regard to the transformation of markets to make sustainable palm oil.

"We are extremely proud of this

partnership," said Webber. "RSPO producer members, large and small, will now have an ally to educate consumers and thereafter encourage them to pull the sustainable palm oil supply chain. This will be the incentive for producers to be allies with WAZA members, in conserving important landscapes and wildlife species"

WAZA and RSPO will strive to work together to influence consumers to use sustainable palm oil. WAZA will also participate in the RSPO Biodiversity and High Conservation Value Working Group. To read more about the new partnership click [here](#).
