

# **Cheyenne Mountain Zoological Society**

## **Consolidated Financial Statements and Supplemental Information**

**April 30, 2023 and 2022**

**(With Independent Auditor's Report Thereon)**

## **Independent Auditor's Report**

### **Board of Directors Cheyenne Mountain Zoological Society**

#### **Opinion**

We have audited the accompanying consolidated financial statements of Cheyenne Mountain Zoological Society, which comprise the consolidated statements of financial position as of April 30, 2023 and 2022, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Cheyenne Mountain Zoological Society as of April 30, 2023 and 2022, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America (GAAP).

#### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Cheyenne Mountain Zoological Society and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cheyenne Mountain Zoological Society's ability to continue as a going concern within one year after the date that the consolidated financial statements are available to be issued.

#### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

**Board of Directors  
Cheyenne Mountain Zoological Society**

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cheyenne Mountain Zoological Society's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Cheyenne Mountain Zoological Society's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

**Supplementary Information**

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The supplementary consolidating schedules are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

**Cheyenne Mountain Zoological Society**  
**Notes to Consolidated Financial Statements**  
**April 30, 2023 and 2022**

---

**(1) Summary of Significant Accounting Policies**

**(a) Organization**

The Cheyenne Mountain Zoological Society (the Society) owns and operates the Cheyenne Mountain Zoo which is located in Colorado Springs, Colorado. The Society is a not-for-profit organization that is dedicated to conservation, captive breeding and animal care, and connecting people with wildlife and wild places through experiences that inspire action. As a leader in the community, its purpose is to educate people and provide first-class animal experiences that bring people into the awe and wonder of animals and the natural world resulting in action toward the environment.

The Society's programs are described as follows:

*Animal care and conservation:* To house and display an animal collection for the cultural and recreational benefit of the general public, and to provide assistance for species in peril by lost habitat.

*Educational activities:* Provide educational programs designed to foster an appreciation and respect for animals and to educate the community on the ecosystems of the world.

The Cheyenne Mountain Zoo Endowment Fund (the Foundation) is a separately incorporated supporting organization, operated exclusively for the benefit of the Society.

**(b) Principles of Consolidation**

The accompanying consolidated financial statements include the accounts of the Society and the Foundation, collectively referred to as "the Zoo". All significant inter-organization balances and transactions have been eliminated in consolidation.

**(c) Basis of Accounting**

The accompanying consolidated financial statements of the Zoo have been prepared on the accrual basis of accounting, and accordingly, reflect all significant receivables, payables, and other liabilities.

**(d) Financial Statement Presentation**

The Zoo is required to present information regarding its financial position and activities according to the following net asset classifications:

*Net assets without donor restrictions:* Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Zoo. These net assets may be used at the discretion of the Zoo's management and the board of directors.

*Net assets with donor restrictions:* Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Zoo or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

**Cheyenne Mountain Zoological Society**  
**Notes to Consolidated Financial Statements, Continued**

---

**(1) Summary of Significant Accounting Policies, Continued**

**(e) Measure of Operations**

The consolidated statements of activities report all changes in net assets, including changes in net assets from operating and non-operating activities. Operating activities consist of those items directly attributable to the Zoo's ongoing program activities. Non-operating activities are limited to resources that generate return from investments and other activities considered to be of a more unusual or nonrecurring nature.

**(f) Cash and Cash Equivalents and Restricted Cash**

The Zoo considers all unrestricted highly liquid investments (i.e. money market accounts) with an original maturity of three months or less, and not held as part of the investment portfolio, to be cash equivalents.

Restricted cash consists of cash received from contributors restricted for specific programs and capital projects. Restricted cash is combined with cash and cash equivalents for purposes of the consolidated statements of cash flows. The following table provides a reconciliation of cash and cash equivalents and restricted cash reported within the statements of financial position to the total of the same such amounts in the statements of cash flows as of April 30:

	<u>2023</u>	<u>2022</u>
Cash and cash equivalents	\$ 38,072,173	30,108,178
Restricted cash and cash equivalents	<u>14,419,784</u>	<u>11,698,504</u>
Total cash and cash equivalents and restricted cash shown in the statements of cash flows	\$ <u>52,491,957</u>	<u>41,806,682</u>

**(g) Concentrations of Credit Risk**

Financial instruments which potentially subject the Zoo to concentrations of credit risk consist principally of cash and cash equivalents, investments and contributions and grants receivable. The Zoo places its cash and cash equivalents with creditworthy, high-quality financial institutions. At times, a portion of these cash balances is not insured by the Federal Deposit Insurance Corporation or related entity.

The Zoo has significant investments in marketable securities and is, therefore, subject to concentrations of credit risk. Investments are made and monitored by the management of the Zoo pursuant to an investment policy established by the board of directors. Though the market values of investments are subject to fluctuation on a year-to-year basis, management believes that the investment policy is prudent to the long-term welfare of the Zoo.

Credit risk with respect to contributions and grants receivable is limited due to the credit worthiness of the entities that comprise the contributor base.

**Cheyenne Mountain Zoological Society**  
**Notes to Consolidated Financial Statements, Continued**

---

**(1) Summary of Significant Accounting Policies, Continued**

**(h) Investments**

Investments are recorded at cost, if purchased, or at fair value, if donated. Fair value is more fully described in the fair value measurements policy below. The Zoo's management is responsible for the fair value measurement of investments reported in the consolidated financial statements and believes that the reported values are reasonable.

Investment return consists of the Zoo's distributive share of any interest, dividends, and capital gains and losses generated from sales of investments. Gains and losses attributable to investments are realized and reported upon a sale or disposition of the investment. Unrealized gains and losses are included in the change in net assets in the consolidated statements of activities.

**(i) Fair Value Measurements**

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Generally accepted accounting principles (GAAP) establish a fair value hierarchy that prioritizes investments based on the assumptions market participants would use when pricing an asset. The fair value hierarchy gives the highest priority to quoted prices in active markets (observable inputs) and the lowest priority to an entity's assumptions (unobservable inputs).

Assets are grouped at fair value in three levels based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. These levels are:

- |         |  |
|---------|--|
| Level 1 | Unadjusted quoted market prices for identical assets or liabilities in active markets as of the measurement date.  |
| Level 2 | Inputs other than quoted market prices that are observable for the asset/liability, either directly or indirectly. |
| Level 3 | Unobservable inputs that cannot be corroborated by observable market data.   |

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. These classifications (Level 1, 2 and 3) are intended to reflect the observability of inputs used in the valuation of investments and are not an indication of risk or liquidity.

The carrying amount reported in the consolidated statements of financial position for cash and cash equivalents and other assets approximate fair value because of the immediate or short term maturities of these financial instruments. The fair value of contributions and grants receivable is estimated by discounting the future cash flows using the rates currently offered for deposits of similar remaining maturities.

Investments in marketable equity and fixed income securities with readily determinable market values are reported at fair value based on quoted prices in active markets. The fair value of the beneficial interest in perpetual trust is determined by calculating the Zoo's proportionate share of the fair value of the assets contributed to the trust.

**Cheyenne Mountain Zoological Society**  
**Notes to Consolidated Financial Statements, Continued**

---

**(1) Summary of Significant Accounting Policies, Continued**

**(j) Property and Equipment**

Property and equipment are recorded at cost, if purchased, or at fair value at the date of donation, if donated. The Zoo capitalizes all property and equipment with a cost or fair value at the date of donation in excess of \$5,000 with a useful life of more than one year. Depreciation on property and equipment is calculated on the straight-line method over estimated useful lives of the assets ranging from three to thirty years.

**(k) Animal Collections**

In accordance with industry practice, no amounts have been recorded for the animal collections as there is no objective basis for establishing value. Additionally, animal collections have numerous attributes, including species, age, sex, relationship and value to other animals, endangered status, and breeding potential, whereby it is impracticable to assign value. Accordingly, acquisitions are recorded as expenditures in the period of acquisition.

**(l) Asset Retirement Obligations**

Asset retirement obligations generally apply to legal obligations associated with the retirement of a tangible long-lived asset that result from the acquisition, construction or development and the normal operation of a long-lived asset. GAAP requires the fair value of a liability for an asset retirement obligation to be recognized in the period in which it is incurred or a change in estimate occurs if a reasonable estimate of fair value can be made. Certain of the Zoo's facilities may contain asbestos that would have to be removed if such facilities were to be demolished or undergo a major renovation. The Zoo cannot reasonably estimate the fair value of the liability for asbestos removal and accordingly has not recorded an asset retirement obligation for these matters.

**(m) Revenue Recognition**

Revenue from contracts with customers

Revenue is recognized for admissions, visitor services, and food and merchandise when the service is rendered. Other auxiliary activities mainly consists of camps, teen programs and other educational classes and events. Revenue for these activities is recognized when the class or event occurs. Amounts received in advance are deferred and reported as "other deferred revenue" in the consolidated statements of financial position.

Annual memberships are available for purchase. Membership payments are recognized as revenue ratably over the term of the annual membership period as the Zoo has estimated that performance obligations are met evenly over the term of the membership. Amounts received but not yet earned are deferred and reported as deferred membership revenue in the consolidated statements of financial position.

**Cheyenne Mountain Zoological Society**  
**Notes to Consolidated Financial Statements, Continued**

---

**(1) Summary of Significant Accounting Policies, Continued**

**(m) Revenue Recognition, Continued**

Contributions and grants

Contributions and grants are recognized when cash, securities, and unconditional promises to give are received. Conditional promises to give, that is, those with a measurable performance or other barrier, and a right of return, are not recognized until the conditions on which they depend are substantially met. Should the Zoo substantially meet the conditions in the same period that the contribution was received, and barring any further donor-imposed restrictions, the Zoo has elected to recognize the revenue in net assets without donor restrictions. Payments received in advance of conditions being met are recorded as a refundable advance in the consolidated statements of financial position.

All donor-restricted support is reported as an increase in net assets with donor restrictions, depending on the nature of the restriction. When a donor restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets are reclassified to net assets without donor restrictions and reported in the consolidated statements of activities as net assets released from restrictions.

Contributions and grants receivable are recorded at net realizable value if expected to be collected in one year and at fair value if expected to be collected in more than one year. The Zoo uses the allowance method to determine uncollectible contributions receivable. The allowance is based on prior years' experience and management's analysis of specific promises made. Uncollectible amounts are charged to the allowance in the year they are deemed uncollectible.

**(n) Donated Goods and Services**

Donated goods and services are recorded as contributions and corresponding expenses (or capitalized) at their estimated fair values at the date of donation. All donated goods and services are utilized by the Zoo and the Zoo does not sell donated goods or services. Donated services are recognized as contributions if the services (a) create or enhance nonfinancial assets or (b) require specialized skills, are performed by people with those skills, and would otherwise be purchased by the Zoo. Donated goods and services received for the years ended April 30 are as follows:

	<u>2023</u>	<u>2022</u>
Donated goods	\$ 86,276	40,538
Donated services	<u>55,920</u>	<u>32,100</u>
	\$ <u>142,196</u>	<u>72,638</u>

Donated goods and services are included under contributions on the consolidated statements of activities. Many individuals volunteer their time and perform a variety of tasks that assist the Zoo in its programs and general operations. The value of this contributed time is not reflected in the accompanying consolidated financial statements as it does not meet the criteria for recognition under GAAP.

**Cheyenne Mountain Zoological Society**  
**Notes to Consolidated Financial Statements, Continued**

---

**(1) Summary of Significant Accounting Policies, Continued**

**(o) Advertising**

The Zoo uses advertising to promote its programs among the audience it serves. The production costs of advertising are expensed as incurred. During the years ended April 30, 2023 and 2022, advertising expenses totaled \$459,711 and \$385,858, respectively.

**(p) Functional Expense Allocations**

The costs of providing program and supporting services have been summarized on a functional basis in the accompanying consolidated statements of functional expenses. The Zoo incurs expenses that directly relate to, and can be assigned to, a specific program or supporting activity. The Zoo also conducts a number of activities which benefit both its program objectives as well as supporting services (i.e. fund raising and general and administrative activities). These costs, which are not specifically attributable to a specific program or supporting activity, are allocated by management on a consistent basis among program and supporting services benefited, based on either financial or nonfinancial data, such as headcount, square-footage, or estimates of time and effort incurred by personnel.

**(q) Estimates**

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

**(r) Income Taxes**

Both the Society and the Foundation are exempt from income taxes under Internal Revenue Code Section 501(c)(3) and qualify for the charitable contribution deduction. Income from activities not directly related to their tax-exempt purpose is subject to taxation as unrelated business taxable income. There was no unrelated business taxable income during the years ended April 30, 2023 and 2022 for the Society and the Foundation.

Management is required to evaluate tax positions taken by the Zoo, and to recognize a tax liability (or asset) if the Zoo has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Zoo has analyzed the tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements and determined there are none. The Zoo is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The three previous tax years remain subject to examination.

**(s) Subsequent Events**

The Zoo has evaluated subsequent events through June 26, 2023, the date the consolidated financial statements were available to be issued.

**Cheyenne Mountain Zoological Society**  
**Notes to Consolidated Financial Statements, Continued**

**(2) Liquidity and Availability of Financial Assets**

The following represents the Zoo's financial assets as of April 30:

	<u>2023</u>	<u>2022</u>
Financial assets at year-end		
Cash and cash equivalents	\$ 38,072,173	30,108,178
Restricted cash	14,419,784	11,698,504
Contributions and grants receivable	1,569,388	4,574,759
Investments	22,559,577	21,665,520
Beneficial interest in perpetual trust	<u>150,205</u>	<u>156,372</u>
Total financial assets	76,771,127	68,203,333
Less net assets with donor restrictions, including restricted cash received from contributions restricted for long-term purposes	(19,361,822)	(19,436,334)
Less unspent insurance proceeds	(2,356,487)	(2,214,677)
Plus endowment funds expected to be appropriated within one year	<u>400,000</u>	<u>400,000</u>
Financial assets available to meet expenditures over the next twelve months	\$ <u>55,452,818</u>	<u>46,952,322</u>

As part of the Zoo's liquidity management, it structures its financial assets to be available as its general expenditures, liabilities, and other obligations become due. In addition, the Zoo ensures cash is readily available in an amount exceeding 25% of projected annual operating expenses. To help manage liquidity, the Zoo has a \$750,000 line of credit agreement with a bank that can be drawn upon as needed to manage cash flows (see note 9). No amounts have been drawn on this line of credit. As part of the agreement, the Zoo is required to maintain liquid assets having a value of at least \$3,000,000 at all times.

**(3) Contributions and Grants Receivable**

During the year ended April 30, 2023, the Zoo began raising funds to build a second giraffe barn. The *Elevate Capital Campaign*, which raised funds to make improvements, upgrades and additions throughout the Zoo, concluded during the year ended April 30, 2022. Contributions and grants receivable mainly consist of amounts due from individuals and foundations under this campaign. Contributions and grants receivable consist of the following at April 30:

	<u>2023</u>	<u>2022</u>
Amounts due in		
Less than one year	\$ 1,177,197	2,456,015
One to five years	<u>570,551</u>	<u>2,411,967</u>
Total contributions receivable	1,747,748	4,867,982
Less discount to present value	(43,360)	(158,223)
Less allowance for uncollectible pledges	<u>(135,000)</u>	<u>(135,000)</u>
Net contributions receivable	\$ <u>1,569,388</u>	<u>4,574,759</u>

Amounts due in the future have been discounted at their present values using a discount rate of 3%. There were no conditional contributions or grants outstanding at April 30, 2023 and 2022.

At April 30, 2023 and 2022, contributions and grants receivable from related parties total \$150,085 and \$365,608, respectively.

**Cheyenne Mountain Zoological Society**  
**Notes to Consolidated Financial Statements, Continued**

**(4) Investments**

Investments are comprised of the following at April 30:

	<u>2023</u>	<u>2022</u>
Cash and cash equivalents	\$ 1,158,879	889,198
Mutual funds invested in domestic equities	5,730,037	6,295,422
Mutual funds invested in international equities	2,014,414	1,486,179
Mutual funds invested in fixed income	3,655,056	4,430,032
Corporate bonds	73,911	100,407
U.S. Treasuries	<u>9,927,280</u>	<u>8,464,282</u>
Total investments	<u>\$ 22,559,577</u>	<u>21,665,520</u>

Investment return is as follows at April 30:

	<u>2023</u>	<u>2022</u>
Interest and dividend income	\$ 1,340,841	776,612
Net realized and unrealized gains (losses)	<u>(347,201)</u>	<u>(2,207,859)</u>
Investment return	<u>\$ 993,640</u>	<u>(1,431,247)</u>

For the years ended April 30, 2023 and 2022, investment return includes interest of \$767,767 and \$1,730, respectively, earned under cash and cash equivalents classified in the consolidated statements of financial position.

**(5) Beneficial Interest in Perpetual Trust**

The Zoo is a beneficiary of a perpetual trust administered by a third-party trustee. A perpetual trust is an arrangement in which a donor establishes and funds a trust which grants the not-for-profit organization the irrevocable right to receive income earned on the trust assets in perpetuity, but never receive the assets held by the trust. The Zoo's interest in the perpetual trust was \$150,205 and \$156,372 at April 30, 2023 and 2022, respectively, and the change in the value of the trust was (\$6,167) and (\$14,653) in 2023 and 2022, respectively.

**(6) Fair Value Measurements**

The following table summarizes the Zoo's financial instruments measured at fair value by the fair value hierarchy levels as of April 30, 2023:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments, measured at fair value				
Mutual funds-domestic equities	\$ 5,730,037	5,730,037	—	—
Mutual funds-international equities	2,014,414	2,014,414	—	—
Mutual funds-fixed income	3,655,056	3,655,056	—	—
Corporate bonds	73,911	—	73,911	—
U.S. Treasuries	9,927,280	—	9,927,280	—
Cash and cash equivalents	<u>1,158,879</u>	<u>1,158,879</u>	<u>—</u>	<u>—</u>
Total investments	22,559,577	12,558,386	10,001,191	—
Beneficial interest in perpetual trust	<u>150,205</u>	<u>—</u>	<u>150,205</u>	<u>—</u>
Total	<u>\$ 22,709,782</u>	<u>12,558,386</u>	<u>10,151,396</u>	<u>—</u>

**Cheyenne Mountain Zoological Society**  
**Notes to Consolidated Financial Statements, Continued**

**(6) Fair Value Measurements, Continued**

The following table summarizes the Zoo's financial instruments measured at fair value by the fair value hierarchy levels as of April 30, 2022:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments, measured at fair value				
Mutual funds-domestic equities	\$ 6,295,422	6,295,422	—	—
Mutual funds-international equities	1,486,179	1,486,179	—	—
Mutual funds-fixed income	4,430,032	4,430,032	—	—
Corporate bonds	100,407	—	100,407	—
U.S. Treasuries	8,464,282	—	8,464,282	—
Cash and cash equivalents	<u>889,198</u>	<u>889,198</u>	<u>—</u>	<u>—</u>
Total investments	21,665,520	13,100,831	8,564,689	—
Beneficial interest in perpetual trust	<u>156,372</u>	<u>—</u>	<u>156,372</u>	<u>—</u>
Total	<u>\$ 21,821,892</u>	<u>13,100,831</u>	<u>8,721,061</u>	<u>—</u>

**(7) Property and Equipment**

Property and equipment consists of the following at April 30:

	<u>2023</u>	<u>2022</u>
Buildings and exhibits	\$ 72,611,144	72,221,860
Land improvements	3,764,857	3,670,443
Furniture and equipment	1,751,935	1,598,990
Vehicles	499,038	527,525
Land	1,111,849	1,111,849
Construction in progress	<u>521,431</u>	<u>—</u>
	80,260,254	79,130,667
Less accumulated depreciation	<u>(42,206,497)</u>	<u>(39,551,316)</u>
Net property and equipment	<u>\$ 38,053,757</u>	<u>39,579,351</u>

**(8) Forgiveness of Paycheck Protection Program Loan**

During the year ended April 30, 2021, the Zoo received a loan totaling \$1,470,715 under the U.S. Small Business Administration's (SBA) Paycheck Protection Program (PPP). Under the program, the loan could be partially or fully forgiven if certain eligibility requirements were met, including incurring certain qualifying expenses. The loan was treated as a conditional contribution until such time that the loan was explicitly forgiven by the SBA. During the year ended April 30, 2022, the loan was fully forgiven and recognized as contribution revenue.

**Cheyenne Mountain Zoological Society**  
**Notes to Consolidated Financial Statements, Continued**

---

**(9) Line of Credit Agreement**

The Zoo has a \$750,000 unsecured line of credit agreement with a bank that expires November 30, 2023. Under the agreement, interest is payable monthly at the prime rate minus 1%. All interest and principal is due at maturity. The line of credit is secured by a separate loan agreement. No draws were made on the line of credit during the years ended April 30, 2023 and 2022 and there is no outstanding balance at April 30, 2023 and 2022.

**(10) Net Assets with Donor Restrictions**

The Zoo's net assets with donor restrictions consisted of the following at April 30:

	<u>2023</u>	<u>2022</u>
Contributions receivable for future operations or projects	\$ 1,569,388	4,574,759
Unspent contribution proceeds received for capital projects	13,671,265	10,758,141
Unspent contribution proceeds received for specific programs	748,519	690,363
Donor-restricted endowment (note 11)	3,222,445	3,221,033
Unspent donor-restricted endowment earnings (note 11)	—	35,666
Beneficial interest in perpetual trust (note 5)	<u>150,205</u>	<u>156,372</u>
Total net assets with donor restrictions	<u>\$ 19,361,822</u>	<u>19,436,334</u>

Net assets were released from donor restrictions for the following purposes for the years ended April 30:

	<u>2023</u>	<u>2022</u>
Purpose restrictions accomplished – capital projects	\$ 1,194,406	72,839
Purpose restrictions accomplished – specific programs	108,777	412,997
Endowment funds appropriated for expenditure (note 11)	<u>58,540</u>	<u>353,930</u>
Total net assets released from donor restrictions	<u>\$ 1,361,723</u>	<u>839,766</u>

**(11) Endowments**

The State of Colorado adopted the Uniform Prudent Management of Institutional Funds Act (UPMIFA). The Zoo's board has interpreted UPMIFA as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds, absent explicit donor stipulations to the contrary. As a result of this interpretation, the Zoo classifies as net assets with donor restrictions: (a) the original value of the gifts donated to the endowment, (b) the original value of subsequent gifts to the endowment, and (c) accumulations to the endowment made in accordance with the direction of the donor gift instrument. In accordance with UPMIFA, the Zoo considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- (1) The duration and preservation of the fund
- (2) The purpose of the Zoo and the donor-restricted endowment fund
- (3) General economic conditions
- (4) The possible effect of inflation and deflation
- (5) The expected total return from income and the appreciation of investments
- (6) Other resources of the Zoo
- (7) The investment policies of the Zoo

**Cheyenne Mountain Zoological Society**  
**Notes to Consolidated Financial Statements, Continued**

**(11) Endowments, Continued**

The Zoo's endowment funds consist of the following at April 30:

	<u>2023</u>	<u>2022</u>
Donor-restricted endowment fund	\$ 3,222,445	3,256,699
Board-designated endowment fund	<u>5,305,898</u>	<u>4,797,838</u>
Total endowment funds	\$ <u>8,528,343</u>	<u>8,054,537</u>

The endowment funds were established to provide funding for the ongoing operations of the Zoo. The board-designated endowment fund consists of funds that have been appropriated by the board for the long-term benefit of the Zoo. Contributions to and earnings on the board-designated endowment fund are recorded as increases in net assets without donor restrictions. Meanwhile, donor-restricted contributions and earnings on the donor-restricted endowment fund are recorded as increases in net assets with donor restrictions, until the earnings are appropriated for expenditure in accordance with the distribution policy. It is intended that any contributions to the donor-restricted endowment fund be held in perpetuity.

Following are the changes in the endowment net assets:

	<u>Net assets without donor restrictions</u>	<u>Net assets with donor restrictions</u>	<u>Total</u>
Endowment net assets at April 30, 2021	\$ 4,603,487	3,466,406	8,069,893
Investment return	(350,357)	(320,919)	(671,276)
Contributions	544,708	465,142	1,009,850
Appropriated for expenditure	<u>—</u>	<u>(353,930)</u>	<u>(353,930)</u>
Endowment net assets at April 30, 2022	<u>4,797,838</u>	<u>3,256,699</u>	<u>8,054,537</u>
Investment return	31,916	22,874	54,790
Contributions	813,407	1,412	814,819
Appropriated for expenditure	<u>(337,263)</u>	<u>(58,540)</u>	<u>(395,803)</u>
Endowment net assets at April 30, 2023	\$ <u>5,305,898</u>	<u>3,222,445</u>	<u>8,528,343</u>

*Return Objectives and Strategies for Achieving Objectives*

The Zoo has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Under this policy, endowment assets are invested in a manner that is intended to produce maximum results while assuming a moderate level of investment risk. The Zoo expects its endowment funds, over time, to provide an average rate of return of 5% over the inflation rate annually. Actual returns in any given year may vary from this amount.

*Spending Policy and How the Investment Objectives Relate to Spending Policy*

Pursuant to the terms created for the endowment funds, the Zoo receives an annual distribution of 5% of the twelve-quarter trailing average of the market value of the endowment assets calculated on March 31<sup>st</sup> of each year. The distribution is then made by April 30<sup>th</sup> of each year. The distributions made in 2023 and 2022 totaled \$395,803 and \$353,930, respectively.

**Cheyenne Mountain Zoological Society**  
**Notes to Consolidated Financial Statements, Continued**

---

**(12) Retirement Plan**

The Zoo established a 403(b) plan (the Plan) which covers all employees who are expected to work 20 or more hours per week. Covered employees are eligible for employer contributions after completing one year of employment. During the years ended April 30, 2023 and 2022, the Zoo made no contributions to the Plan.

**(13) Other**

The Society performs certain management and administrative services for the Foundation at no charge. The value of these services is not reflected in the accompanying consolidated financial statements because the effect would not be material.

**(14) Insurance Proceeds**

During 2020 and 2018, two hailstorms caused significant damage to several of the Zoo's buildings. The Zoo continued to receive insurance proceeds from these events through April 30, 2023. During the years ended April 30, 2023 and 2022, the Zoo received insurance proceeds totaling \$159,314 and \$38,141, respectively. Also, during the years ended April 30, 2023 and 2022, the Zoo incurred repair costs of \$119,078 and \$575,410, respectively, on its buildings as a result of the hailstorms. Due to the uncertainty in future amounts to be received, the Zoo is recognizing revenue from insurance proceeds at the time insurance proceeds are received.
