### Why Advance Tickets?

We are requiring you to get advance tickets, because popular days and times are subject to selling out. We are working to provide our guests with the best possible experience, which we believe includes avoiding overcrowding and off-site shuttles/parking. By restricting the number of tickets sold per time slot, you can park on-site and have more time to spend in the Zoo. During some peak times, you may experience delays in getting into our lot, so please be patient. Our longest waits for on-site parking are still less time than it takes to shuttle back and forth from off-site parking.

To do away with off-site shuttling, we have to limit the number of tickets we sell throughout the day, and they are subject to selling out. That's why we require you to purchase your tickets in advance.
